**General Information**

**PURPOSE**
Cardiovascular Medicine is a dynamic and rapidly changing field that continues to make up a large portion of patient care in the United States. The conference will discuss the latest discoveries and advances in the field and explain the latest technologies, devices and therapies available. Treatment of arrhythmias, valve disease, coronary disease, and peripheral vascular disease will be presented. Participants will learn about the treatment of heart failure and sudden death, the gender differences in the treatment of heart disease, the 2013 ACC/AHA Cholesterol Guidelines and newest cardiovascular imaging techniques.

**EDUCATIONAL OBJECTIVES**
- Identify patients with heart failure due to arrhythmias or conduction disease
- Discriminate between therapeutic options for management
- Recognize how various pacing therapies can be employed to improve patient outcomes
- Discuss recent advances in the management of atrial fibrillation
- Identify women at risk for heart disease
- Recognize gender differences in the presentation and pathology of heart disease
- Discuss effective management strategies in the diagnosis and treatment of heart disease
- Identify patients with Vascular Disease for which Medical Therapy is recommended
- Describe the utility of medical therapy in different Vascular Diseases
- The preclinical, natural history and prognosis of cardiac aortic stenosis
- Recognize the benefits of surgical aortic valve replacement
- Identify the role for transcatheter aortic valve replacement (TAVR) in inoperable and high-risk patients with aortic stenosis
- Explain advanced imaging techniques used for cardiac patients, including Cardiac CT, MRI, nuclear and echocardiographic imaging
- Discuss the indications for cardiac CT and concerns for radiation with CT and nuclear imaging

**CONTINUING EDUCATION CREDIT**
The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of Iowa Roy J. and Lucille A. Carver College of Medicine designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**INTENDED AUDIENCE**
Cardiologists, primary care providers, internists, ARNP’s, PA’s, nurses or any cardiology related medical personnel
