

University of Iowa Stead Family Children's Hospital – Executive Leadership

The UI Stead Family Children's Hospital Executive Leadership consists of the Physician-in-Chief and the Executive Director. The Executive Leadership will provide quarterly updates to the UI Health Care VPMA Cabinet and the UI Health Care Network Oversight Committee and will provide regular updates to other senior leadership groups in UI Health Care and UI Physicians.

UI Stead Family Children's Hospital – Executive Committee

A committee of senior clinicians and administrators charged with ensuring the highest levels of family-centered patient care, clinical quality; patient safety and service excellence are consistently delivered for children cared for at UI Stead Family Children's Hospital. The committee will meet monthly and will develop agreed upon metrics to track performance and progress of key activities, services, and initiatives. The Executive Committee will report to the UI Stead Family Children's Hospital Executive Leadership.
