THE PHIL AWARD
NOMINATION FORM

I would like to nominate:

________________________________________
First Name    Last Name

Location:

________________________________________

I am a(an):
☐ Patient      ☐ Visitor
☐ Physician    ☐ Employee

Your Name: ______________________________

Telephone: ______________________________

Please check one:
☐ I authorize my name to be used in hospital recognition materials for this respiratory therapist.

☐ I do not authorize my name to be used in hospital recognition materials for this respiratory therapist.

Please submit nomination form to:

Becky Skinner, RRT-ACCS, CHT, MBA
Manager, Respiratory Care
University of Iowa Hospitals and Clinics
200 Hawkins Drive, C729 GH
Iowa City, IA  52242-1009
email: becky-skinner@uiowa.edu

NOMINATION FORM

THE PHIL AWARD
Recognition of Outstanding Respiratory Therapists

Nominating a Respiratory Therapist

• Respiratory Therapists may be nominated for the award by a patient, visitor, physician or employee.

• The PHIL Award will be given yearly, to one Respiratory Therapist who has been nominated on the basis of professional excellence and compassion in the education and care of patients with pulmonary illness.
The PHIL (Pulmonary Health and Illnesses of the Lung) Award was established by The FACES Foundation to recognize outstanding Respiratory Therapists who provide care and treatment for patients with respiratory conditions. Sharman Lamka established the PHIL Award as part of The FACES Foundation (TheFACESFoundation.org) after her husband, Philip C. Lamka, passed away from Interstitial Lung Disease (ILD). Sharman wanted to establish a way of acknowledging the valuable job Respiratory Therapists do.

The PHIL Award honors the unsung heroes in the respiratory therapy profession who understand that each breath matters.

UI Hospitals and Clinics takes pride in implementing the PHIL Award program to honor Respiratory Therapists.

About The FACES Foundation
The FACES Foundation was created in 2006 to acknowledge and promote professional excellence in the education and care of patients with life-threatening pulmonary illness. The FACES Foundation is dedicated to educating professionals, patients, and families on issues relevant to lung disease.

How will Honorees be Recognized?
Respiratory Therapists who receive the award will be presented a certificate of recognition and the Appreciation sculpture, adapted by artist MK Shannon specifically for The FACES Foundation. The sculpture represents the appreciation patients and their family members have for Respiratory Therapists that work hard to help them breathe easier. Along with the sculpture, information about the honoree and why they were nominated will be displayed at University of Iowa Hospitals and Clinics.
