

Face masks are welcome and available*

* Face masks are **required** for those who have symptoms of a respiratory virus (such as cough, fever, sore throat).

You may want to wear a mask if:

You haven't been vaccinated against COVID-19

You have an underlying medical condition, are immunocompromised, or are an older adult

Your close contacts are more likely to get very sick if they contract COVID-19

You are in a crowded space or public transportation

You have not had COVID-19 in the last 90 days
