You may want to wear a mask if:

- You haven’t been vaccinated against COVID-19
- You have an underlying medical condition, are immunocompromised, or are an older adult
- Your close contacts are more likely to get very sick if they contract COVID-19
- You are in a crowded space or public transportation
- You have not had COVID-19 in the last 90 days

Face masks are welcome and available*

* Face masks are required for those who have symptoms of a respiratory virus (such as cough, fever, sore throat).
