DIVISION 2. EMPLOYMENT AND WORKING CONDITIONS

Part 2.1. Hours of work

Section 2.1.1. Scheduling

The Hospital has unique scheduling requirements because it operates 24 hours per day, 7 days per week on a year-round basis. Accordingly, many Hospital employees must routinely perform work on weekends, holidays and various shifts to serve the patients and the public and to meet the operational needs of the Employer.

Section 2.1.2. Percentage of Appointment

Employee hours of work are reflected in their percentage of appointment. The appointment level shall be based upon the appointing authority's determination of the amount of time it should normally take to perform the assigned duties. An employee's percentage of appointment shall not be changed without the consent of the employee except in instances of layoff (refer to Part 2.4 below). The Employer shall not schedule employees to work more or less than their percentage of appointment for regular shifts in their defined work schedule except with the consent of the affected employee. This does not include overtime hours.

Section 2.1.3. Work Schedules

Work schedules define a staff member's workdays, shift rotation and days off for a defined period of time. Work schedules will be developed by the unit/department. In developing work schedules, the Employer will adhere to the following:

Subsection 2.1.3.1.

The workweek shall begin on Sunday at 0000 and end on Saturday at 2400. For purposes of counting weekends off or worked, it is recognized that weekends split by the beginning or end of a schedule cycle will be counted no more than one time in each scheduling cycle.

Subsection 2.1.3.2.

Work schedules for clinical units will be established by the Employer based upon the needs of the clinical unit and with consideration for employees' preferences. Alternate work schedules may be established by mutual agreement between the employee and the employee's supervisor.

Subsection 2.1.3.3.

Where applicable, schedules, usually of a four (4) week duration, will be provided to bargaining unit employees no less than four (4) weeks in advance of the start of the new schedule. For vacation requests, each clinical unit shall either develop a consistent day of each scheduling cycle by which vacation requests are due or shall give advance notice in each scheduling cycle of the day by which vacation requests are due, unless already designated in an agreed upon vacation request protocol. Once schedules have been posted every effort will be taken not to make changes without the consent of the affected employee(s). (For purposes of this section, overtime hours are not considered to be scheduled hours.)

Subsection 2.1.3.4.

The normal work cycle shall consist of a four (4) week cycle during which full-time employees shall not be scheduled for more than one hundred sixty (160) hours total (part-time employees shall be proportional).

Subsection 2.1.3.5.

Employees will not be required to work more than five (5) consecutive days of eight-hour (8) shifts, four (4) consecutive days of ten-hour (10) shifts, or three (3) consecutive days of twelve-hour (12) shifts, or any other combination of shifts that exceeds forty (40) hours without at least two days off, except with the agreement of the employee. Excluded from this are defined scheduling patterns used within a clinical unit on a regular basis in which a bargaining unit employee works more than five (5) consecutive days to allow for two (2) or more consecutive days off.

Subsection 2.1.3.6.

A day off shall be at least twenty-three and one half (23 1/2) hours, unless otherwise agreed between the employee and the supervisor.

Subsection 2.1.3.7.

No employee shall be scheduled to work more than two (2) different shifts in one (1) week, except with the consent of the employee. When an employee rotates to a different shift, there will be a break of at least twenty (20) hours unless otherwise agreed to between the employee and the supervisor.

Subsection 2.1.3.8.

Exempt bargaining unit employees may trade or alter published work schedules or shifts only with prior approval of management. Full-time, non-exempt bargaining unit employees may trade or alter published work schedules or shifts within the work week (Sunday to Saturday) only with prior approval of management. Part-time, non-exempt bargaining unit employees may trade or alter published work schedules or shifts within the two-week pay period only with prior approval of management. Exempt and non-exempt employees may not trade such that it would create overtime/extra time.

Subsection 2.1.3.9.

Whenever practicable, bargaining unit employees will be granted an uninterrupted, unpaid and unscheduled meal period. The meal periods may be thirty (30) to sixty (60) minutes, depending on the clinical unit. Meal periods which are interrupted by work duties shall be considered and compensated as hours worked. If an employee does not receive a meal period the employee will be compensated.

Subsection 2.1.3.10.

In units where staff are required to wear Employer provided scrubs, such as Operating Room, Labor and Delivery, and Pharmacy Admixture, employees shall receive reasonable and adequate paid wash-up/changing time immediately prior to and at the end of the shift.

Subsection 2.1.3.11.

Clinical units may use or adopt self-scheduling plans by mutual agreement between the Employer and the affected employees.

Section 2.1.4. Standby/On-call

It is recognized that the nature of some jobs require the availability of staff beyond their regular shift. Staff will be notified if their job requires standby/on-call work. All staff within the specified positions will be assigned standby/on-call on a rotating basis by the Employer. Alternate rotational systems may be developed by mutual agreement of the affected employees and the Employer. The staff members on standby/on-call status shall be immediately accessible by telephone or beeper and must be able to report back to work within departmental service guidelines. Compensation for standby/on-call shall be subject to Section 4.3.1.

Section 2.1.5. Extension of Shift

In some units staff will be designated in advance to be available to work an extension of their shift to complete unfinished procedures or work activities. All staff within the specified positions will be assigned extension of shift on a rotating basis by the Employer. Alternate rotational systems may be developed by mutual agreement of the affected employees and the Employer. Staff, whether full or part-time, will receive time and one-half for all hours worked under extension of shift or compensatory time at the employee's request equal to the time worked (unless required under FLSA to be compensated at 1.5 times the hours worked), to be used at the request of the employee, subject to the approval of the supervisor. Where additional staff Nurses and Nurse Clinicians are required beyond those already assigned to an extension of shift in the Main OR, Children's Hospital Main OR, the Ambulatory Surgical Center, staff who volunteer or are assigned to meet the additional staffing need will be paid double time. Where additional Staff Nurses are required beyond those already assigned to an extension of shift in the UI Heart Care Procedural Unit and Nursing Digestive Health Procedural Unit, staff who volunteer or are assigned to meet the additional staffing need will be paid double time.

Section 2.1.6. Travel between Work Sites

Staff members who are required by the Employer to travel between work sites will be considered to be on work status while traveling between the work sites.

Part 2.2. Appointments

All newly appointed employees and employees transferring to a new clinical unit shall receive a letter of appointment which specifies the position title and appointment percentage, start date, anticipated responsibilities and work schedule, salary rate and a contact for benefit information.

Part 2.3. Seniority

Section 2.3.1.

Definition. Seniority will be calculated based upon the employee's most recent date of hire in a regular position with the Employer. In the event two (2) employees have the same original date of hire, seniority of one as against the other shall be determined by the last four (4) digits of the social security number, with the employee having the lower last four (4) digits of the social security number being considered as having the greater seniority.

Section 2.3.2.

Breaks in Seniority. A break in seniority occurs upon separation from employment through voluntary resignation, discharge, or upon lapse of recall rights. Employees who return to employment within thirty (30) calendar days of separation will retain their original seniority date. Employees who return to employment within one (1) year of separation will receive credit for previous seniority but will not receive seniority credit for the period of separation.

Section 2.3.3.

Application. Seniority as defined in this Section shall be applicable only as expressly provided in this Manual.

Part 2.4. Layoff Procedures

Section 2.4.1. Application of Layoff

Subsection 2.4.1.1.

The Employer may reduce the workforce subject to the provisions set forth in this Part. Such procedures shall apply to regular employees who have one (1) or more year of seniority.

Subsection 2.4.1.2.

The provisions of this Part shall not apply to temporary layoffs of less than thirty (30) consecutive calendar days.

Subsection 2.4.1.3.

The rights outlined in this Part will apply to employees who will be laid off due to privatization, or any other reason.

Subsection 2.4.1.4.

The operative unit for layoffs shall be the clinical unit as described in the Transfer Part of this Manual (Subsection 2.5.2.3).

Subsection 2.4.1.5.

The Employer retains the right to reassign bargaining unit employee to avoid a layoff or as otherwise provided in Part 2.5. Transfer Procedures.

Section 2.4.2. General Layoff Procedures

Subsection 2.4.2.1.

Layoff shall be by clinical unit and classification, considering seniority, with the least senior being laid off first. Seniority may be excepted as necessary to retain employees with the special skills, training and abilities required to meet the needs of the Employer.

Subsection 2.4.2.2.

Regular employees with less than one (1) year of seniority affected by a reduction in force shall be notified in writing of layoff at least thirty (30) calendar days in advance of the effective date of the layoff, except in exceptional circumstances which disrupt the services of the hospital. Employees with at least one (1) year of seniority will receive at least sixty (60) calendar days' notice of the effective date of the layoff. Employees with at least four (4) years of seniority will receive at least ninety (90) calendar days' notice of the effective date of the layoff. Employees

with at least eight (8) years of seniority will receive at least one-hundred and twenty (120) calendar days' notice of the effective date of the layoff. The notice provision of this Subdivision will not apply if notice of such duration would seriously impair the financial integrity of a major administrative unit of the Employer.

Subsection 2.4.2.3.

Employees who are given layoff notice will have priority status with regard to vacant bargaining unit positions for which they are qualified, and which are comparable to the position (same paygrade or lower) from which they are to be laid off, as specified in the Transfer Part.

Subsection 2.4.2.4.

Any employee, in lieu of layoff, shall have the right of reinstatement to an available position in the classification formerly occupied, provided the employee meets the qualifications of the position, before any other person may be promoted to, or a new employee hired into such classification by the Employer. Upon reinstatement to another classification, an employee shall retain the current rate of pay except that if such rate of pay is higher than the highest rate currently paid for the classification into which the employee is reinstated, the employee's pay shall be reduced to that rate of pay.

Subsection 2.4.2.5.

The Employer will offer laid off bargaining unit employees temporary work hours, to the extent such are available and for which the employee is qualified.

Subsection 2.4.2.6.

The determination of the layoff order is subject to the grievance procedure commencing at Step 3. The implementation of such layoff shall not be delayed pending the resolution of such grievances.

Section 2.4.3. Eligibility for Recall

Subsection 2.4.3.1.

The name of a regular employee shall be placed on a recall list for the classification from which laid off for a period of one year from the date of layoff.

Subsection 2.4.3.2.

In addition, a laid off employee may be placed on a recall list for any other classifications previously held by the employee for a period of one (1) year from the date of layoff.

Subsection 2.4.3.3.

Employees who exercise reinstatement rights to a different classification or who are recalled to a different classification or who accept employment at a lesser FTE than that from which laid off, shall remain on the recall list for the classification from which they were laid off for a period of one (1) year from the date of layoff.

Subsection 2.4.3.4.

Employees who make written notice and provide medical verification to the Employer of their recovery from a long-term disability shall be placed on the recall list for the classification held prior to the disability.

Subsection 2.4.3.5.

If a laid off employee accepts a temporary position with the Employer, the employee shall remain on the recall list(s).

Subsection 2.4.3.6.

Employees who are eligible for recall must provide a current address and phone number to the Director of UI Health Care Human Resources. Failure to provide this information will result in loss of recall rights.

Subsection 2.4.3.7.

Whenever a vacancy of a budgeted position occurs within a classification where there are employees on the recall lists, employees within the clinical unit shall have such rights as provided under the Transfer Part prior to the exercise of rights of employees on recall.

Subsection 2.4.3.8.

Once it has been determined that the Employer will fill the position from the recall list, the Employer shall first offer that position, in seniority order, to employees on the recall list who previously held a position in the classification where the vacancy exists, provided the employee is qualified to perform the duties of the position, before a new employee may be hired for such position by the Employer.

Subsection 2.4.3.9.

Employees who are recalled must notify the Employer, in writing, of their acceptance of recall which must be received or postmarked no later than seven (7) calendar days after receiving notice of recall. Failure to accept a recall to a position when offered shall negate any further rights of reinstatement.

Section 2.4.4. Insurance for Laid Off Employees

Laid off employees may maintain health insurance as provided by COBRA.

Part 2.5. Transfer Procedures

Section 2.5.1. Eligibility

Subsection 2.5.1.1.

Regular employees who have completed twelve (12) months of employment in a budgeted position are eligible for the provisions of this Part.

Subsection 2.5.1.2.

Subsection 2.5.1.3.

Employees may not transfer more than once in any eighteen (18) month period except by mutual agreement of employee and Employer.

Section 2.5.2. Definitions

Subsection 2.5.2.1.

A transfer under the provisions of this Part may be made within the employee's own classification from one clinical unit to another, or within their own clinical unit for shift preference, preference of work site within a clinical unit, or preference for percentage of budgeted full-time equivalency. Employees may also apply for transfer to another classification as provided in Section 2.5.4 below.

Subsection 2.5.2.2.

A vacancy, for purposes of this Part, exists when the Employer posts a position on Jobs@uiowa.

Subsection 2.5.2.3.

An employee's clinical unit is that work group defined by the Employer.

Section 2.5.3. Procedures

Subsection 2.5.3.1.

A vacancy will be posted in accordance with the Employer's current practice for fourteen (14) calendar days during which time employees may submit an application for transfer to the vacancy. Vacancy notices shall contain the classification name, clinical unit, shift(s), and percentage of full-time equivalency of the vacant position and any special or selective certifications. Vacancy notices will be posted in various locations according to the Employer's current practice.

Subsection 2.5.3.2.

Positions may be advertised outside the clinical unit and The University of Iowa concurrently.

Subsection 2.5.3.3.

The employee is required to submit an application for transfer during the posting period in order to be considered for the vacancy. Eligible employees outside the clinical unit are strongly encouraged to meet with the hiring manager or designee prior to applying for a transfer to review the duties and expectations of the position. Employees who make application for transfer may withdraw such application up to the point that a specific offer is made for the position.

Subsection 2.5.3.4.

In all cases, the applicant selected must possess the ability to perform the duties of the position and any special or selective certification requirements included on the posting. The Employer may exercise discretion in determining which applicant is most qualified for a position. Employer may consider experience, recall status, performance, or other attributes, but no single attribute will be solely determinative.

Subsection 2.5.3.5.

When an employee is offered more than one (1) position simultaneously, the employee will select one (1) of the positions within four (4) weekdays of the notification of the employee's status.

Section 2.5.4. Transfers outside the Classification

Bargaining unit employees are eligible to apply for vacant bargaining unit positions outside their classification following the University's existing employment procedures. Selection for such vacancies will be at the discretion of the Employer and will be based upon the Employer's determination as to who best meets the requirements of the positions being filled.

Section 2.5.5. Temporary Reassignments

Subsection 2.5.5.1.

The Employer may temporarily reassign employees to other clinical units or to another employee's job responsibilities as necessary to meet staffing needs.

Subsection 2.5.5.2.

Newly hired, new graduate professional employees will not be temporarily reassigned for a period of three months following the completion of their orientation, unless they volunteer for their assignment as consistent with their skill level. Other newly hired professionals will not be required to float during the first one hundred and twenty (120) work hours following the completion of their orientation, unless they volunteer for the assignment consistent with their skill level.

Subsection 2.5.5.3.

Each clinical unit will create a "Pull Welcome Packet" which will include important information necessary for the pulled staff to function on the unit. Each pulled staff member will have a designated resource staff member to be available on the unit.

Part 2.6. Health and Safety

Section 2.6.1. Compliance and Law

The Employer is committed to the health and safety of its employees, patients and the public. Toward that end, the Employer will provide a safe and healthy work environment for all employees, consistent with applicable state and federal health and safety standards, laws and regulations.

Section 2.6.2. New Technologies/Procedures

The Employer reserves the right to change and modify programs and practices related to health and safety to address on-going health and safety concerns as required or deemed necessary by regulatory agencies and changes in technology and information. The Employer will periodically advise the employees of any major changes in equipment, medical treatment and /or processes.

Section 2.6.3. Physical Examinations

All physical examinations and tests, including annual tuberculosis tests, required by the Employer shall be at the Employer's cost. The Employer shall continue its current practice relating to payment for tests that are necessary due to exposures to communicable diseases in the workplace. Employees shall be provided with copies of the results of any such examinations.

Section 2.6.4. Infectious Disease Control

The Employer shall continue to provide vaccinations and follow up lab work to employees at no cost according to its current practice.

Section 2.6.5. Staff Safety and Health Council

DIVISION 3. BASE PAY

Minimum and maximum pay ranges for classifications identified in Appendix A are provided in Appendix B for 2019-2020 and in Appendix C for 2020-2021.

Part 3.2. New Employees

New employees will be hired within the salary ranges by classification as provided in Appendix B for 2019-2020 and Appendix C for 2020-2021. Employer may hire new employees above the minimum for the applicable salary grade.

Part 3.3. 2019-2020 Minimum Salaries

Minimum salaries for each classification in the bargaining unit will be those established by the 2019-2021 collective bargaining agreement negotiated between the Board of Regents, State of Iowa, and the Service Employees International Union, SEIU Local 199.

Part 3.4. 2020-2021 Minimum Salaries

Part 3.5. 2019-2020 Salaries (Returning Employees)

Effective with the 2019-2020 appointment year (July 1, 2019), each returning bargaining unit employee who was employed on April 30, 2019, as a bargaining unit employee shall receive, in addition to existing base salary, the amount established by the 2019-2021 collective bargaining agreement negotiated between the Board of Regents, State of Iowa, and the Service Employees International Union, SEIU Local 199.

Part 3.6. 2020-2021 Salaries (Returning Employees)

This differential is not a component of base salary and is not used as a basis for future pay.

Section 4.1.2.

Nurses that transfer into the Department of Nursing units receiving this differential will receive the differential in their base salary upon transfer. Nurses that transfer out of the Department of

Nursing units receiving the differential will have the amount(s) removed from their base salary upon transfer.

Part 4.2. Overtime and Extra Time

Section 4.2.1. Eligibility and Definition

Subsection 4.2.1.1.

Bargaining unit classifications are designated by the Employer as exempt or non-exempt in accord with the Fair Labor Standards Act (FLSA). Those designated as non-exempt are eligible for overtime consistent with the Act. Only hours worked are used for the calculation of overtime or extra time.

Subsection 4.2.1.2.

Extra time is defined as time worked by exempt employees at the direction of the Employer, including attendance at education programs or meetings which are required by the Employer, in excess of the employee's regular assigned shift. Exempt employees who work beyond the scheduled hours at their own discretion to meet personal position objectives or to advance their own career objectives shall not qualify for compensation under this Part. Employees may not work additional hours without the approval of the Employer.

Section 4.2.2. Assignment

Subsection 4.2.2.1.

Scheduled overtime or extra time, which can be planned during the scheduling process, will be offered to all bargaining unit employees in the clinical unit through a posting or e-mail process.

Subsection 4.2.2.2.

Overtime or extra time requirements which are not met through the scheduling process but which can be anticipated at least twenty-four (24) hours in advance will first be offered to all employees on the voluntary extra time list maintained in each clinical unit and if not met through that process, will be assigned based upon a rotating list of all clinical unit employees in reverse order of either clinical unit or institutional seniority (at the discretion of the Employer). Staff members who have accepted any overtime or extra time assignment will move to the bottom of the mandatory overtime or extra time list.

Subsection 4.2.2.3.

Overtime or extra time which cannot be anticipated twenty-four (24) hours in advance will first be offered to those employees who are working at that time and if unmet by a volunteer, will be assigned to the person working who is next in line on the mandatory overtime or extra time list. Staff who work an overtime or extra time shift will move to the bottom of the mandatory overtime or extra time list. Every effort will be made to limit involuntary overtime or extra time assignment to not more than eight (8) hours in a four (4) week cycle whenever possible.

Subsection 4.2.2.4.

When making mandatory assignments, the individual circumstances of the affected employees, such as sequence and length of shifts already worked and time between shifts and number of call-back hours worked, will be considered. Except in cases of emergency, no employee will be required to work more than twelve (12) consecutive hours.

Section 4.2.3. Notice

Notice to employees of an overtime or extra time assignment should be given as far in advance as is reasonably practicable depending on the circumstances.

Section 4.2.4. Compensation

Subsection 4.2.4.1.

For part- and full-time non-exempt staff, payment for overtime beyond forty (40) hours in a week will be in accordance with the FLSA or compensatory time at the choice of the employer. The Employer will give consideration to the preferences of the employee in making its determination of the form of compensation.

Subsection 4.2.4.2.

For full-time exempt staff, payment for extra time in excess of one hundred sixty (160) hours in a four (4) week cycle will be at 1.5 times the defined hourly rate for the employee or compensatory time equal to the time worked, at the choice of the Employer. The Employer will give consideration to the preferences of the employee in making its determination of the form of compensation.

Subsection 4.2.4.3.

For part-time exempt staff, payment for extra time will be at the employee's regular hourly rate of pay, unless the part-time employee has worked more than one hundred sixty (160) hours in a four (4) week cycle, or may accrue compensatory time equal to the time worked, at the choice of the Employer. The Employer will give consideration to the preferences of the employee in making its determination of the form of compensation. Hours in excess of one hundred sixty (160) hours in a four (4) week cycle shall be compensated in the manner described in Subsection 4.2.4.2 above.

Subsection 4.2.4.4.

Accrued compensatory time shall be used at the request of the employee, subject to the approval of the supervisor. Compensatory time accrued but not used will be posted for payment four months after the month in which it was earned. Compensatory time earned at the regular rate of pay will be paid at the premium rate, as outlined in Subsection 4.2.4.1 and Subsection 4.2.4.3. RN's/staff will be assessed at the completion of the orientation period to determine if they are meeting competencies and, if all competencies are met, they will be assigned straight weekend hours. If it is determined by a Nurse Manager or Department Manager/designee, or if a staff member expresses the need for additional orientation after beginning the weekend hours, and it is determined the best reorientation is during weekday shifts, the staff member will be returned to orientation shifts during the weekdays, at regular rate of pay until it is determined they are competent to work independent exclusively on the weekend shifts.

Section 4.8.3. Pay

Subsection 4.8.6.1. Hours of Work

Staff members are scheduled to work 24 hours (either three 8-hour shifts; two 12-hour shifts, or a combination which equals at least 24 hours) within the time frame of 3:00 pm Friday through 7:30 am Monday. The staff member's appointment percentage FTE must be completed within the week (Sunday to Saturday). For all hours worked during this time period, a differential of fifty percent (50%) will be paid. If the time worked qualifies for shift differential, it will be paid, but no additional weekend differential will be paid.

Subsection 4.8.6.2. Overtime and Extra Time

Exempt staff members who wish to pick up additional hours, with management approval, will be paid at the employee's regular hourly rate of pay, unless the employee has worked more than one hundred sixty (160) hours in a four (4) week cycle. Hours in excess of one hundred sixty (160) hours in a four-week cycle including the weekend hours will be paid at 1.5 times the employee's regular hourly pay, but not to result in the duplication or compounding of such premium for the same hours worked.

Non-exempt staff members who wish to pick up additional hours, with management approval, are paid at the employee's regular hourly rate of pay, unless the employee has worked more than forty (40) hours in a week. Worked hours in excess of forty (40) hours in a week, including the weekend hours, are paid in accordance with the FLSA, but not to result in the duplication or compounding of such premium for the same hours worked.

Hours in excess of the employee's regular schedule will be paid in accordance with Section 4.2.5.

Subsection 4.8.6.3. Trading

Staff will be permitted to trade hours with prior managerial approval provided they are meeting their 24-hour/week commitment over each 6-month period. For non-exempt staff, trades must take place during the two-week pay period. For exempt staff, trades must take place during the four-week period. Trade outs to a weekday schedule will not be paid at the weekend option rate of 1.5 times the employee's regular rate of pay and non-weekend option staff members taking a weekend do not qualify for the weekend option rate 1.5 times the employee's regular rate of pay.

Section 4.8.7. Vacation

Staff will earn a sixty percent (60%) time prorated share of vacation hours based upon their seniority date for each month they are enrolled in the weekend option package.

Subsection 4.8.7.2. Scheduling

Staff will be scheduled to work 24 weekends in a six-month period and will be scheduled two (2) weekends off in that six-month period. Staff members who earn the maximum vacation accrual rate (115.2 hours/year based upon a hire date before July 1, 1999 or a seniority level of 6 years) will be scheduled for an additional 24 hours off per year. The staff member will work with the manager to determine the days off.

Subsection 4.8.7.3. Banking of Hours

Staff may use the earned vacation as compensation for the scheduled weekends off. Employees who earn the maximum vacation accrual rate utilizing the Weekend Option may utilize 1.5 hours of vacation, if available for each hour off, up to thirty-six (36) hours of accrued Vacation Leave for a scheduled weekend off, or up to the amount of vacation they have accrued at the time of the leave. Employees who earn less than the maximum vacation accrual rate utilizing the Weekend Option may utilize 1.5 hours of vacation if available for each hour off, up to thirty-six (36) hours of accrued Vacation Leave for a scheduled weekend off, or up to the amount of vacation they have accrued at the time of the leave. Staff who transfer into a weekend option position whose vacation hours would max out under this option will have sufficient number of their current vacation accruals banked to assure that future accruals under this plan will not be lost. The banked hours will be available for future use and will not be lost while in the weekend option.

Subsection 4.8.7.4. Spontaneous Leave

Staff in the weekend option will have the opportunity to use spontaneous time off (though they will be at the bottom of the list) for full or partial shifts without this being counted towards their two (2) weekends off in each six (6) months or the additional twenty-four (24) hours per year for staff at maximum vacation accrual as noted above.

Section 4.8.8. Holidays

Subsection 4.8.8.1.

Staff members continue to receive their weekend option premium when working weekend holidays and do not receive an alternate day off.

Subsection 4.8.8.2.

Weekend option staff volunteering to work on a holiday that is not on a weekend are paid Holiday pay and do not receive an alternate day off.

Section 4.8.9. Sick Leave

Subsection 4.8.9.1.

Staff will earn a sixty percent (60%) pro-rated share of hours into the sick hours. If a weekend option staff member is sick on a weekend to work, sick time may be used for no more than the

two weekends scheduled in the six-month period. These absences will count against the two scheduled weekends off.

Subsection 4.8.9.2.

Other absences may only qualify for sick time pay if the absence would qualify as a personal and serious health condition under FMLA. In the event of a need for time off due to other situations which would qualify under FMLA for self or family or for bereavement, the manager will work with the staff member to effect a trade, grant a leave or use other scheduling alternatives to attempt to assist the staff member to obtain the time off. In all situations the need of patient care and all staff must be balanced in making decisions to grant additional time off beyond the standard two (2) weekends per six (6) months.

Section 4.8.10. Benefits

Subsection 4.8.10.1.

Staff will be eligible for TIAA or IPERS participation based upon the base salary.

Subsection 4.8.10.2.

Staff will be eligible for credits consistent with base pay to be used toward insurance coverage.

Part 4.9. Inpatient Clinical Resource Units

Section 4.9.1.

A centralized Inpatient Clinical Resource Unit (ICRU) which is a clinical unit(s) with a defined management structure to provide staff supervision and oversee staff assignment practices has been added to the list of clinical units. Staff members in this/these clinical unit(s) are oriented to multiple competencies so that they can be assigned to a variety of units and function as a staff member on those units.

Section 4.9.2.

The staff nurses in the ICRU(s) shall have an addendum to their job description listing the requirements of an ICRU position. Staff nurses in the ICRU(s) shall generally have a minimum of one year of experience and defined competency requirements. Resource nurses shall have designated units to which they are deployed in order to match nursing skills to patient care requirements.

Section 4.9.3.

Staff nurses in the ICRU(s) shall receive an additional \$4.00 per hour worked after they have successfully completed orientation to the units in their defined nursing skill set. This compensation is in addition to any shift differential to which the nurse is otherwise entitled to receive.

Part 4.10. Float Pay

Subsection 4.10.1.1.

Recognizing that temporary reassignments may be necessary in some cases to assure appropriate patient care, this Section defines reassignment practices within the ICRUs and inpatient clinical units in the Department of Nursing Services and Patient Care as specified:

1. On those occasions when an out of unit assignment is necessary the staff member will receive a \$1/hour differential for all direct care hours worked outside their own unit
2. The temporary reassignment of staff may be within or outside of their own divisions.
3. In an operational emergency this reassignment practice may be temporarily suspended for the length of the emergency to assure that the Employer can meet its operational needs and the needs of patients.

Subsection 4.10.1.2.

For staff in the ICRU, every attempt will be made to assign ICRU staff only to the team on which the ICRU staff member belongs. On those occasions when an out of team assignment is necessary, the staff member will receive a \$1/hr differential for all direct care hours worked outside of their own team.

Part 4.11. Certification Recognition

Section 4.11.1. Certification Recognition for Tertiary Health Care Bargaining Unit Staff

The Employer will provide compensation in an amount of \$500 annually, paid on or about August 1 of each year for recognition of staff obtaining and maintaining a position-related certification in an approved nationally recognized certification which is not a condition of employment for the occupied classification. This differential is not a component of base salary and is not used as a basis for future pay.

Subsection 4.11.1.1.

Payment is contingent on the staff member actively being assigned and working in a budgeted line position that provides patient care/services in the related area of the certification.

Subsection 4.11.1.2.

UI Health Care Human Resources shall notify employees in the bargaining unit of the approved certification(s) by February 1st of each calendar year. Employees may bring certifications forward for consideration.

Subsection 4.11.1.3.

Application for Certification Differential - It shall be the employee's responsibility to submit an application for recognition and payment of a new or renewal of a certification differential:

- Final approval of a certification for payment or an application submitted by an employee to receive the noted differential, either as a new application, renewal of an existing payment, or in the event of transfer or acceptance of a new position, is reserved as a right of management.
- Certification Applications: Applications for payment of the certification differential for both new and renewal certifications shall only be accepted between February 1 and the March 15 of each calendar year for payment in the next fiscal year (July 1 – June 30).

Part 4.12. Flexible Pay

Bargaining unit employees employed in budgeted positions of fifty percent (50%) time or greater will be eligible for participation in the University's Benefits Program.

Section 5.1.2. Effective Date of Insurance Coverage

The insurance plans available through the University's Benefits Program become effective the first of the month following employment, and such coverage will end on the last day of the month in which the termination occurs.

Section 5.1.3. Plan Administration

Bargaining unit employees may select from the benefit options currently available and participate in the University's Benefits Program under the same administrative rules and conditions as other University faculty, and P&S staff. Subject to Section 5.1.4, the University maintains its right to make changes in the administration of this plan and the benefits provided to bargaining unit employees by the plan, using its procedures for policy development and revision.

Section 5.1.4. Plan Rate Changes

Bargaining unit employees will be charged under the same benefit rate structures under this Plan as other University faculty, and P&S staff, which may be changed on an annual basis to reflect changes in the cost of such programs. Furthermore, bargaining unit employees will receive contributions from the Employer consistent with contribution elements outlined in this Part. The University retains its right to change annual adjustments to the cost of premiums as the condition for participation in this plan.

Section 5.1.5. Payroll Deduction

The cost of the benefit options selected by the bargaining unit employees in excess of the Employer contribution shall be paid by the bargaining unit employee through monthly payroll deduction.

Section 5.1.6. Contribution Rates

UI Health Care will contribute to individual employee's benefits as specified by the University of Iowa's Benefits office (<https://hr.uiowa.edu/benefits>).

Part 5.2. Sick Leave

Section 5.2.1. Accrual

Subsection 5.2.1.1.

Full-time employees shall accrue sick leave at the rate of one hundred and forty-four (144) hours per year or twelve (12) hours for each full month of service. Part-time employees shall accrue sick leave at their fractional equivalent of full-time appointment. There is no limit on the amount of sick leave which may be accrued.

Subsection 5.2.1.2.

Accrued sick leave shall be placed in an employee's sick leave account. Current accumulation balances are available to staff at the Employer's electronic system. Separation from employment shall cancel all unused accumulated sick leave, except upon retirement at age 55 or older, when employees shall receive cash payment for accumulated, unused sick leave not to exceed a total of two thousand dollars (\$2,000). When an employee is laid off and recalled, any unused accumulated sick leave shall be restored provided the employee is re-employed by the Employer within one (1) year.

Section 5.2.2. Utilization of Sick Leave

Employees shall not be required to explain an illness at the time a sick-call is made. An explanation may be required at a later time to administer the Family Medical Leave Act (FMLA), to determine how the absence is to be paid, or to investigate the potential of a communicable disease exposure. Attendance is an essential component of employment. The Employer may review sick leave usage for the purpose of determining whether sick leave use is excessive or abused. Discipline for attendance will be based upon the principles of just cause, and not solely on the number of occurrences or hours of absence.

Section 5.2.3. Employees may use accrued sick leave for any of the following:

Subsection 5.2.3.1.

Medically Related Disability: Accrued sick leave may be used for personal illness which requires the employee's confinement or which renders the employee unable to perform assigned duties. The Employer may require a medical certificate or other appropriate verification for absences covered by this Section.

Subsection 5.2.3.2.

Medical or Dental Appointments: Medical or dental appointments which cannot be scheduled for non-working hours may be charged to sick leave if the absence is requested and approved in advance by the employee's supervisor. Absences for routine appointments should generally not exceed two (2) hours.

Subsection 5.2.3.3.

Family Caregiving Leave: A maximum of five (5) days (40 hours), prorated for part time, of sick leave per calendar year may be used for the care and necessary attention of ill or injured members of the employee's immediate family. When sick leave is used to provide such care, appropriate verification of the status of the ill or injured person may be requested.

The maximum usage per year of family caregiving leave includes the current calendar year allowance of five days of sick leave (40 hours), prorated for part time, as well as any unused allowance from the previous calendar year, up to 80 hours, prorated for part time, in total for the care of and necessary attention to ill or injured members of the employee's immediate family.

Subsection 5.2.3.4.

Funeral Leave: A maximum of three (3) days (24 hours), prorated for part time, of sick leave may be used for each occurrence of a death in the employee's immediate family.

Subsection 5.2.3.5.

Service as a Pall Bearer: A maximum of one (1) day (8 hours), prorated for part time, of sick leave may be used for each service as pallbearer at the funeral of a person not a member of the Employee's immediate family.

Subsection 5.2.3.6.

Adoption: A maximum of five (5) days (40 hours), prorated for part time, of sick leave may be used by a newly adoptive parent.

Subsection 5.2.3.7.

For purposes of this Section, immediate family is defined as the employee's spouse/domestic partner, children, grandchildren, foster children, stepchildren, legal wards, parents, grandparents, great grandparents, foster parents, stepparents, brothers, foster brothers, stepbrothers, sons-in-law, brothers-in-law, sisters, foster sisters, stepsisters, daughters-in-law, sisters-in-law, aunts, uncles, nieces, nephews, first cousins, corresponding relatives of the employee's spouse/domestic partner, and other persons who are members of the employee's household.

Subsection 5.2.3.8.

Employees will be permitted to use compensatory time off or vacation leave in lieu of sick leave when they so request, according to the same procedures as apply to the use of sick leave. When a holiday falls while an employee is on paid sick leave, the employee's sick leave account shall not be charged for the holiday period.

Section 5.2.4. Conversion

Subsection 5.2.4.1.

Employees who have accrued at least two hundred and forty (240) hours of sick leave may elect to accrue additional vacation leave in lieu of sick leave. Employees who so elect shall accrue vacation leave at the rate of one third the rate of their normal sick leave accrual. If an employee's sick leave account goes below two hundred and forty (240) hours, the account must be built up again before the employee is eligible for conversion. Any use of sick leave makes an employee ineligible for conversion during the month in which the use occurs.

Subsection 5.2.4.2.

Full-time employees who elect to convert sick leave to vacation as described in this Section, may accrue up to ninety-six (96) hours of vacation leave above and beyond the usual maximum accrual, as defined in Subsection 5.3.1.3. This amount is prorated for part-time employees who elect to convert sick leave to vacation.

Part 5.3. Vacation Leave

Section 5.3.1. Accrual

Subsection 5.3.1.1.

Employees shall begin accruing vacation leave on their first day in pay status. Vacation leave shall be accrued on a monthly basis. Full-time bargaining unit employees hired before July 1, 1999, shall accrue one hundred and ninety-two (192) hours per year, sixteen (16) hours per month, including the two (2) personal holidays provided in Part 5.5 below. University of Iowa

staff transferring into the bargaining unit (since July 1, 1999) shall accrue no less than their previous vacation accrual rate, not to exceed one hundred and ninety-two (192) hours per year, sixteen (16) hours per month, effective July 1, 2001. Full-time employees hired on or after July 1, 1999, shall accrue vacation leave at rates based upon their seniority on the following schedule:

Years of Service	Hours Per Year	Hours Per Month
Up to 3	120	10.0
More than 3, up to 6	160	13.3
More than 6	192	16.0

Subsection 5.3.1.2.

The accrual rates in Subsection 5.3.1.1 above include the two (2) personal holidays provided in the Part 5.5 below. Part-time employees shall accrue vacation leave based upon their percentage of full-time appointment. Vacation accrues during any period of service in pay status. Current accumulation balances and a report of current vacation accrual are available to staff via the Employer electronic system.

Subsection 5.3.1.3.

Vacation leave may accrue up to a maximum equal to two (2) times an employee's annual accrual. The Employee is responsible for monitoring their individual accruals and submitting appropriate vacation requests. The employee can access their individual accrual amounts via the Employer electronic system. Banked vacation – excess hours are transferred to a “banked status” when a change in status causes an eligible staff member to have more accrued vacation than would be allowed by their new status (e.g., transfer from a full-time position to a part-time position).

Section 5.3.2. Scheduling

Subsection 5.3.2.1.

Bargaining unit employees in each clinical unit may develop their own written vacation scheduling protocols subject to the approval of the supervisor.

Subsection 5.3.2.2.

In the event a clinical unit does not develop its own vacation scheduling protocols, the following vacation scheduling procedure shall apply.

Subsection 5.3.2.3.

Employees with at least six (6) months of employment shall be offered the opportunity to schedule at least one (1) week of vacation during the periods of prime time, defined as the period beginning May 15 and ending September 15. Employees with at least six (6) months of employment shall also be offered the opportunity to schedule at least two (2) consecutive weeks of vacation throughout the remaining times of the year. Part-time staff would be entitled to request prorated periods of vacation during these time periods. A week shall be considered to be at least seven (7) consecutive calendar days without being scheduled to work for purposes of this paragraph. For example, a full-time eight (8) hour shift employee would utilize five (5) vacation days and two (2) regular days off. Utilizing vacation time will not require the employee to “make up”, “trade out”, or work extra days.

Subsection 5.3.2.4.

Vacation requests made more than thirty (30) calendar days in advance of the posting of the work schedule shall be granted on a first come, first served basis. Vacation requests made less than thirty (30) calendar days in advance of the posting of the work schedule shall be granted based upon seniority. Requests approved will be reflected in the work schedule, consistent with Section 2.1.3. Employees must have sufficient vacation leave accruals to remain in paid status for the entirety of their leave at the time that the leave commences.

Subsection 5.3.2.5.

Vacations shall be scheduled at the request of the Employee, subject to the approval of the Employer. Employees shall receive a response to a regular vacation request within fourteen (14) calendar days, or as otherwise defined by protocols within each clinical unit developed consistent with Subsection 5.3.2.1 above. If the vacation is denied, the reason for the denial shall be stated in writing. Once vacation leave has been approved, and if the employee has sufficient leave accruals to remain in paid status throughout their vacation, every effort will be made to honor the approved vacation request.

Section 5.3.3. Purpose

Vacation leave primarily is intended to provide employees with a period of rest and relaxation in order that employees may return to work refreshed and to thus improve the employees' morale and performance. For that reason, employees will not be scheduled to work during vacation time without their consent and will not be scheduled for standby/on-call during vacation leave.

Section 5.3.4. Spontaneous Leave

In circumstances involving low census or low workload the Employer may offer employees the option of taking a "spontaneous" (unplanned) leave. Spontaneous leave shall be offered on a rotating basis to the employees when staffing levels permit.

Subsection 5.3.4.1.

Weekend option staff within a clinical unit shall not be offered spontaneous leave until all regular staff members in that clinical unit have declined.

Subsection 5.3.4.2.

Spontaneous leave may, at the discretion of the Employer, be offered on a conditional basis, i.e., the employee may be required to be available for recall to complete the shift, if needed. Employees who accept the offer of conditional spontaneous leave shall receive standby/on-call pay pursuant to the Supplemental Pay Part in addition to compensatory time or vacation pay.

Section 5.3.5. Catastrophic Leave Contribution

Employees may contribute accrued vacation leave to benefit another employee suffering from catastrophic illness. Vacation leave shall be donated in no less than one (1) hour increments. The contributing employee must identify the specific amount of time donated and the name of the recipient of the donated vacation leave on forms provided by the Employer for this purpose. Vacation leave donated to another employee pursuant to this provision shall be irrevocably credited to the recipient's sick leave account.

Subsection 5.3.5.1.

Part 5.4. Leaves of Absence

Section 5.4.1. Eligibility

Employees with at least one (1) year of seniority shall have the right to request a leave of absence in accordance with the provisions of this Part. Except for FMLA and Military Leave, unpaid leaves of absence are at the discretion of the Employer.

Section 5.4.2. Request Procedure

Any request for a leave of absence shall be submitted on the Employer designated form by the Employee to the employee's immediate supervisor at least thirty (30) calendar days in advance whenever possible. The request shall state the reason for the leave, the type of leave being requested, and the length of the leave of absence being requested. Requests for leaves of absence will be responded to within fourteen (14) working days. In the event the Employer denies the leave, the reasons for the denial must be stated in writing.

Section 5.4.3. Court and Jury Leave

Subsection 5.4.3.1.

Subsection 6.3.3.5. Time Limitation and Waiver

A grievance shall not be valid for consideration unless the grievance is submitted in writing to the Employer setting forth the facts and the specific provision of this Manual allegedly violated and the particular relief sought within twenty (20) days after the date of the first event giving rise to the grievance occurred. Failure to file any grievance within such period shall be deemed a waiver thereof. Failure to appeal a grievance from one (1) level to another within the time periods hereafter provided shall constitute a waiver of the grievance.

Section 6.3.4. Adjustment of Grievance

If a grievance is properly appealed to the Chief Executive Officer, Dean, Vice President, or designee, the Chief Executive Officer, Dean, Vice President, or designee, shall issue a decision in writing within fifteen (15) days after receipt of the written appeal to the parties involved.

Section 6.3.5. Denial of Grievance

Failure by the Employer or its representatives to issue a decision within the time periods provided herein shall constitute a denial of the grievance and the employee may appeal it to the next level.

Section 6.3.6. Arbitration Procedure

Subsection 6.3.6.1. Request

Written notice of intent to arbitrate, signed by the employee, must be delivered to the office of a Senior Director of Human Resources for UI Health Care within fifteen (15) days following the expiration of the fifteen (15) day deadline for a decision in Level III of the grievance procedure.

Subsection 6.3.6.2. Selection of Arbitrator

Upon submission of a request for arbitration, the parties may, within ten (10) days after the request to arbitrate, attempt to agree upon the selection of an arbitrator. If no agreement on an arbitrator is reached, either party may request the Federal Mediation and Conciliation Service to submit a panel of seven (7) arbitrators. Within ten (10) days after receipt of the panel, the parties shall alternately strike names and the remaining name shall be the arbitrator to hear the grievance. The parties shall promptly notify the arbitrator of her/his selection.

Subsection 6.3.6.3. Hearing

The arbitrator will conduct the arbitration hearing to assure that the grievant is accorded a full and fair hearing and all due process to which the grievant is entitled, according to the standards usually followed in arbitrations sanctioned by the American Arbitration Association.

Issue at hearing: The issue(s) at the hearing will be restricted to the issue(s) presented by the parties at Step Three. No later than one week prior to the hearing, the grievant and the UI Health Care representative shall meet to review and exchange all evidence relevant to the grievance that is available at that time through the exercise of reasonable diligence, and a list of potential witnesses. If not presented at the pre-hearing exchange, no additional argument or evidence shall be presented at hearing, unless the presenting party can prove that such information was not reasonably known prior to the hearing through the exercise of reasonable diligence.

Subsection 6.3.6.4. Expenses

The cost for the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel and subsistence expenses shall be borne equally by the employee initiating the appeal and the Employer. The cost of transcripts shall be borne by the requesting party, without having to furnish a copy to the other party, unless the parties mutually agree to share the cost of the transcripts. Any other expenses incurred shall be paid by the party incurring the same.

Subsection 6.3.6.5. Final and Binding Decision

The arbitrator so selected shall confer with the Employer and employee and hold hearings promptly and shall issue her/his decision not later than thirty (30) days from the date of the close of the hearings or, if written briefs have not been waived, then from the date the final statements and proofs on the issues are submitted to the arbitrator. The arbitrator's decision shall be in writing and shall set forth findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall not have power to alter, add or detract from the specific provisions of this Manual. The decision of the arbitrator shall be submitted to the parties and shall be final and

binding on the parties, subject to the limitations on arbitrators' decisions as provided by Iowa law.
